Technical drawing of a reinforced concrete slab with two cross-sections, A-A and B-B, and a longitudinal section.

Longitudinal Section:

- Overall length: 66 cm
- Reinforcement: st. Ø14/10cm, st. Ø14/15cm
- Dimensions (from left to right): 1.20, 1.75, 0.70, 2.30, 0.70, 2.30, 0.70, 2.05

Cross-Section A-A:

- Overall width: 260 cm
- Reinforcement: st. Ø14/10cm, st. Ø14/15cm
- Dimensions (from left to right): 100, 300, 100, 300, 100, 300, 100, 300

Cross-Section B-B:

- Overall width: 260 cm
- Reinforcement: st. Ø14/10cm, st. Ø14/15cm
- Dimensions (from left to right): 100, 300, 100, 300, 100, 300, 100, 300

Technical drawing of a rectangular plate with the following dimensions and features:

- Overall width: 0.30
- Overall height: 1.20
- Vertical dimensions from top to bottom: 0.27, 0.22, 0.22, 0.22, 0.27
- Internal features:
 - Four horizontal slots, each with a width of 0.25.
 - Four pairs of diagonal lines in the top-left corner, indicating a chamfer or fillet.
